

AMENDMENTS TO THE SPECIFICATION

Please add the following new paragraphs before the first line of page 1:

Cross-Reference to Related Applications

This application is a 371 of Application No. PCT/JP03/11510 filed on September 9, 2003, and claims foreign priority benefit under 35 U.S.C. § 365(b) of JP 2002-264202 filed September 10, 2002. The entire disclosures of the prior applications, application numbers PCT/JP03/11510 and JP 2002-264202, are hereby incorporated by reference.

Please replace the first full paragraph at page 8 with the following amended paragraph:

10. The process for producing an arylamine ~~of claim 9 as described under 9. above~~, wherein at least one of the reaction solvents to be used is an aromatic hydrocarbon compound or an unsaturated alicyclic compound.

Please add the following new paragraphs after the first full paragraph on page 8:

Brief Description of Drawings

The above objects will become easily understood by one of ordinary skill in the art when the following detailed description is read in connection with the accompanying drawings.

FIG. 1 contains structural formulas corresponding to the arylamines of Examples I-1 to I-11;

FIG. 2 contains structural formulas corresponding to the arylamines of Examples I-12 to I-23;

FIG. 3 contains structural formulas corresponding to the arylamines of Examples I-24 to I-33;

AMENDMENT UNDER 37 C.F.R. § 1.111
AND STATEMENT OF SUBSTANCE OF INTERVIEW
U.S. Application No. 10/527,064

Atty. Docket No. Q86756

FIG. 4 contains structural formulas corresponding to the arylamines of Examples I-34 to I-43; and

FIG. 5 contains structural formulas corresponding to the arylamines of Examples I-44 to I-54.

Please replace the last paragraph at page 29 with the following amended paragraph:

Specific examples of arylamines which can be synthesized by the invention are shown below in FIGS. 1-5, but the arylamine to be produced by the invention should not be construed as being limited to these.

Please delete the structural formulas and all accompanying text at pages 30-34.
